

18 January 1961

MEMORANDUM FOR: Colonel Grogan

SUBJECT : Request to Speak to the Inland Daily
Press Association luncheon February
28, 1961 in Chicago

Mr. Blacklidge, President of the Inland Daily Press Association telephoned yesterday to extend an invitation to speak to his association. I told him that I could not give any answer on this and that the appropriate place to send the request was to the Director. He said that they had heard many favorable comments on my talk in Detroit and would like very much to have me come to Chicago. I told him that I would endeavor to see that an answer reached him by the end of the week. I have absolutely no feelings on this whatsoever and will leave it entirely up to the Director and yourself as to whether it can be done.
